

# Tickhill Estfeld Primary School

## Using Images of Children

This form is valid for the period of time your child attends this school.

We will not use the personal details or full names (first name and surname) of any child in a photographic image or video, on our website, school app and in our school prospectus or in any of our other printed publications. (Please note your child's name may be used on school displays).

We will not include personal e-mail or postal addresses, or telephone or fax numbers on video, on our website and app, in our school prospectus or in other printed publications.

We will not publish photos of your child on any form of social media, however, we do not have control over a third party doing so without your consent. We do not have or support any Social Media page (Facebook, Twitter etc).

Our school photographer will take individual and class photographs of your child. We will not publish these photographs on social media, but we would not be able to stop a third party from doing so.

We have a data sharing agreement in place with the photographer.

If we use photographs of individual pupils, we will not use the name of that child in the accompanying text or photo caption (unless it is on a school display).

If we name a pupil in the text, we will not use a photograph of that child to accompany the article (unless it is on a school display).

We may include pictures of pupils and teachers that have been drawn by the pupils.

We may use group or class photographs or footage with very general labels, such as "a science lesson" or "making Christmas decorations."

We will only use images of pupils who are suitably dressed, to reduce the risk of such images being used inappropriately.

Mobile Phones (visitors) must be switched off in school and photographs of the children (including displays) must not be taken without prior consent. This includes at performances and events on the school field.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Pupils will often appear in these images, which may appear in national newspapers or on televised news programmes. We make every effort to request that they do not print pupil names in their articles.

To comply with GDPR 2018, we need your permission before we can use images of your child as above.

Please note that websites can be viewed throughout the world and not just in the UK where UK law applies.
