KEY: B – Below E – Expected A – Above ARE – Age- Related Expectation  
 NC – National Curriculum pre- Sept. 2014  
 STAT – Sheffield School Tracking and Assessment Tools

For pupils 1, 2, 13, 14, and 15 the National Curriculum pre-September 2014 was in place and attainment and progress is expressed in terms of NC levels and associated points score

All other pupils were working with the new National Curriculum introduced in September 2014 and attainment and progress is expressed in STAT points.

To be able to compare pupils despite two systems being in operation the key B/E/A gives an indication regardless of whether the pupil is meeting the age-related expectation.
