Dear Parent/Carer

Improving School Communications with ParentMail

From 1st February 2019 we will be upgrading to ParentMail.

The benefits to this are that we will send messages home through ParentMail and there is a free, secure mobile App for you to pick up school communications on the go! This app will ultimately replace our schools app.

This will be beneficial to you because you can:

- Use a free, secure mobile app on Android and iOS to pick up school messages instantly.
- Have an account simply for school messages (away from your busy email inbox!)
- Connect to other schools, nurseries or clubs that use ParentMail.
- Highlight important messages or archive old messages to make life easier.
- Messages can be sent directly to mums, dads and carers.
- Update your contact details within the secure mobile app.

Registering with ParentMail is very easy! You will have already been sent an e-mail from ParentMail, when you receive this please just follow the instructions in the message. If you haven't received one, please get in touch with us and we will arrange for one to be sent.

Once registered, if you have an Android or Apple smartphone, we would highly recommend you download the ParentMail App for the best user experience. To do this, simply search for "ParentMail" in your App store. The app will then be in use from 1st February.

Please be assured that ParentMail is registered with the Information Commissioner and guarantees that all information you provide will be kept private and will not be passed on to any other organisation.

If you need any additional information please do not hesitate to call the school office on the above telephone number.

Yours faithfully

Mrs L Fisher
School Business Manager
