

## Reception Class - Dark Day

Firstly, a big thank you to everyone who has donated things from our Amazon Wish list for our Dark Day. We have received many of the things we added and we are very grateful for your continued support.

As promised here is a little more information for you about Dark Day. As part of Science week (week beginning 6<sup>th</sup> November) Reception will be exploring the wider and much darker universe. We will get the chance to watch a show by the Kinetic Theatre focusing on Space, investigate the role of Astronauts and find out about other planets around us.

On the 9<sup>th</sup> November Reception will get the opportunity to explore light and dark in a 'Dark Day'. Children can come to school dressed in dark clothing: black trousers, t-shirt or jumper and black shoes. We aim to make the classroom as dark as possible to enable us to fully explore the dark and light. We do have some resources to help us explore different light sources but if possible, could your child please bring a torch to school, labelled with their name. If they don't have a torch any light up object will do.

We can't wait to have lots of fun in the dark.

Mrs Slack and Mrs Ellison
