

Sports Premium Report 2017-18

Sports Premium Funding

Access to high quality PE and Sport and the promotion of daily physical activity are crucial to the development of healthy lifestyles in young people and in encouraging life-long physical activity.

We recognise that PE and Sport in school plays an important role in the health and wellbeing of children. Their positive impact encourage increased participation in extra-curricular activities and in community sports activities outside school hours. This can improve significantly the attitudes, confidence, health, well-being and academic achievement of all our children.

The Government's announcement in June 2013 that it was to provide additional funding specifically for the enhancement of PE and Sport was welcomed whole-heartedly by all schools. At Estfeld we have been committed to enhancing the daily opportunities for our pupils to be physically active, to developing high quality PE lessons, and to provide opportunities for pupils to take part in competitive sport and extra-curricular activities.

Sports Premium Grant

We very much value the Sports Premium Grant as we have a dedicated amount of funding to allow all pupils access to high quality PE, Sport, extra-curricular activities, daily physical exercise and high quality equipment. Attached to this report is a breakdown of how this year's allocation will be used.

Sports Premium Impact

The use of the Sports Premium allows our pupils to participate in intra-schools and inter-schools sports competitions and to have access to specialist coaching which enables them to experience success.

Our staff work alongside the specialist coaches and therefore enhance their own knowledge and skills, enabling them to more effectively teach games lessons, thus ensuring that all pupils are able to access a consistent level of quality coaching.

Our pupils are physically active and access sports and games equipment on a daily basis on the playground. School promotes physical activity and the important contribution that this has to play in developing a healthy lifestyle.

Sport Premium Grant Expenditure

In 2017 -18 our school will receive **£14,076.00** in Sports Premium funding. It will be allocated to the following areas:
